Quotation

Subject	Testing
ABOUT	The proposed testing covers EMC immunity, electrical safety, and enclosure protection requirements. IEC 61000-4-5 evaluates the product's immunity against surge voltages, while IEC 61000-4-11 assesses its performance during voltage dips, short interruptions, and voltage variations. IP65 testing verifies protection against dust ingress and water jets. IS/IEC 62368-1 evaluates applicable safety requirements for electrical/electronic equipment, including protection against electrical, thermal, mechanical, and fire-related hazards. Testing will be conducted as per the applicable standard requirements.
Applicable Standards	The following standards are applicable for the proposed testing: • IEC 61000-4-5 – Surge Immunity Test • IEC 61000-4-11 – Voltage Dips, Short Interruptions & Voltage Variations • IP65 – Ingress Protection against Dust and Water • IS/IEC 62368-1 – Safety Requirements for Audio/Video, Information & Communication Technology Equipment
Samples Requirements	Sample Required IEC 61000-4-5: 4 complete functional product sample, including all necessary accessories, cables, and power supply components. IEC 61000-4-11: 4 complete functional product sample, including required power supply, cables, and accessories. IP65: 4 complete and fully assembled product/enclosure sample suitable for ingress protection testing. IS/IEC 62368-1: 4 complete product sample, including all necessary accessories, cables, adapters, and components required for safety testing. Note: Additional samples may be requested by the laboratory depending on the product configuration and applicable test requirements.

Commercials	Commercials					
	S. No.	Applicable Standard	Testing	Units	Per Unit Charges (INR)	Total Charges (INR)
	1	IEC 61000-4-5	Surge Immunity Test	4	₹20,000/-	₹80,000/-
	2	IEC 61000-4-11	Voltage Dips, Short Interruptions & Voltage Variations	4	₹20,000/-	₹80,000/-
	3	IP65	Ingress Protection Test	4	₹6,000/-	₹24,000/-
	4	IS/IEC 62368-1	Safety Requirements for AV/ICT Equipment	4	₹40,000/-	₹1,60,000/-
Note: GST @ 18% shall be charged additionally on the above testing charges.						
Deliverable	Deliverables • Test Report covering the applicable standards and tests performed. • Test Results with observations and measured parameters. • Certificate/Report of Compliance, wherever applicable.					

Timeline	Timeline • Estimated Testing Timeline: 5–7 working days. • The timeline shall commence upon receipt of the required sample and confirmation of payment. • The timeline may vary depending on laboratory scheduling, sample condition, test requirements, and any additional testing, if applicable.
Payment Term	Payment Terms • 100% Advance Payment is required to initiate the testing process. • Testing will commence upon receipt of the payment and sample. • Any additional testing or charges, if applicable, shall be communicated separately.
Sample handling & disposal policy	Sample Handling & Disposal Policy 1. Samples may be subjected to destructive and/or non-destructive testing as required by the applicable standard or test protocol. 2. After completion of testing and receipt of the samples from the laboratory, Instacertify Labs Pvt. Ltd. shall retain the remaining samples for a maximum period of 15 days. 3. Clients wishing to recover their samples must arrange collection or request return shipment within the 15-day retention period. 4. All sample shipping, return shipping, handling, storage, customs duties, taxes, and related logistics costs shall be borne solely by the Client. 5. For samples returned within India through a reputed courier service arranged by Instacertify Labs Pvt. Ltd., return shipping charges shall be ₹450 per kg + applicable GST. 6. For samples returned outside India, return shipping charges shall be USD 90 per kg, exclusive of customs duties, taxes, import/export charges, and other applicable logistics costs, which shall be borne by the Client. 7. Samples not claimed, or for which return arrangements are not confirmed within 15 days, shall be considered abandoned and may be disposed of at the sole discretion of Instacertify Labs Pvt. Ltd., without further notice or liability. 8. Instacertify Labs Pvt. Ltd. shall not be responsible for any loss, damage, delay, or deterioration of samples during transit through third-party courier or logistics providers.

CANCELLATION AND REFUND POLICY	Cancellation & Refund Policy Testing fees are payable in advance and are non-refundable once samples have been submitted or testing has commenced. Government fees may be refunded only if they have not been deposited with the relevant authority. Consultancy fees are charged based on the work completed and are non-refundable once services have been rendered. Any eligible refund request must be submitted to Instacertify in writing within 7 working days of payment.																
FORCE MAJEURE	Instacertify Labs Pvt. Ltd. shall not be liable for any delay or failure in performing its obligations due to circumstances beyond its reasonable control, including but not limited to natural disasters, acts of government, regulatory changes, strikes, pandemics, war, civil unrest, transportation disruptions, laboratory delays, or certification authority actions. Any affected timelines shall be extended accordingly, and both parties shall make reasonable efforts to minimize the impact of such events																
CONFIDENTIALITY & DATA PROTECTION	Instacertify Labs Pvt. Ltd. shall maintain strict confidentiality of all documents, technical information, business data, and records shared by the Client. Such information will be used solely for the purpose of providing the agreed services and will not be disclosed to any third party except where required by law, regulatory authorities, laboratories, or certification bodies. Reasonable measures shall be implemented to ensure data security and protection
