Quotation

BIS CRS Consultancy

ABOUT BIS CRS

BIS CRS (Compulsory Registration Scheme) is a mandatory certification issued by the Bureau of Indian Standards for specified electronic and IT products sold in India. Manufacturers must test products in BIS-recognized laboratories and register them with BIS before sale. CRS ensures product safety, quality, and compliance with Indian standards, allowing the use of the Standard Mark on certified products.

STANDARD APPLICABLE FOR BIS CRS

Standard Applicable: IS 10322 (Part 5/Sec 2):2026, as specified under the applicable requirements of the BIS Compulsory Registration Scheme (CRS) for the relevant product category.

Process for BIS CRS

Process for BIS CRS Registration

Step 1 - Documentation Review & Application Preparation

Collection, verification, and preparation of all required documents as per BIS CRS requirements.

Step 2 - BIS Portal Registration

Creation of manufacturer profile and application setup on the BIS online portal.

Step 3 - Product Testing

Testing of the product at a BIS-recognized laboratory and obtaining the test report as per the applicable Indian Standard.

Step 4 - Application Submission

Submission of the BIS CRS application along with supporting documents and test reports through the BIS portal.

Step 5 - BIS Scrutiny & Evaluation

Review and examination of the application by BIS officials for compliance with the applicable requirements.

Step 6 - Grant of Registration

Issuance of BIS CRS Registration Certificate upon successful verification and approval by BIS.

Validity of BIS CRS**Validity of BIS CRS Registration**

The BIS CRS Registration is generally granted with a validity period of 1 (One) years from the date of issuance and may be renewed for subsequent periods of 1 (One) years, subject to compliance with the applicable BIS requirements and payment of prescribed renewal fees.

Commericals for BIS CRS**Commericals - BIS CRS Registration**

Applicable Standard: IS 10322 (Part 5/Sec 2):2026

Particulars	Charges (INR)
Government Fees (<i>Including GST</i>)	₹ 8,290/-
Consultancy Charges	₹ 8,000/-
Testing Charges	₹ 25,000/- per Test Report

Notes:

- The above charges are applicable for BIS CRS registration under IS 10322 (Part 5/Sec 2):2026.
- BIS government fees, sample transportation charges, and any additional laboratory charges, if applicable, shall be charged extra at actuals.
- GST @ 18% shall be applicable as per prevailing Government taxation norms.

PAYMENT TERMS FOR BIS CRS**Payment Terms & Conditions**

- Professional Consultancy Charges shall be payable upon confirmation of the project and commencement of consultancy services.
- BIS Government Fees and Product Testing Charges shall be payable in advance and may be deposited directly with the respective authorities/laboratories or through InstaCertify, as applicable.
- Any additional expenses arising due to changes in BIS regulations, product modifications, additional testing requirements, document revisions, or expansion of project scope shall be communicated and charged separately upon mutual consent.
- GST @ 18% shall be applicable on Professional Consultancy Charges as per prevailing Government taxation regulations.
- BIS Government Fees and Laboratory Testing Charges are subject to revision by the concerned authorities and shall be charged on an actual basis.
- The timelines for registration are subject to the submission of complete and accurate documentation by the applicant and the processing time of BIS and the testing laboratory.
- Grant of BIS CRS Registration is solely at the discretion of the Bureau of Indian Standards (BIS) and subject to successful compliance with all applicable regulatory requirements.
- This quotation is valid for 90 days from the date of issuance unless otherwise specified.

Timelines for BIS CRS**Estimated Timeline for BIS CRS Registration**

Stage 1 - Documentation, Portal Registration & Product Testing (Steps 1 to 3)

Estimated Timeline: 10-15 Working Days

Stage 2 - Application Submission, BIS Scrutiny & Grant of Registration (Steps 4 to 6)

Estimated Timeline: 10-15 Working Days

Overall Project Duration

The complete BIS CRS Registration process is generally completed within **20-25 Working Days**, subject to timely submission of documents, successful product testing, and approval by BIS.

Note:

- The above timeline is indicative and may vary depending on the product category, laboratory testing schedule, and BIS processing time.
- Timelines for applications involving manufacturers located in China may differ significantly due to additional regulatory requirements and approval procedures; therefore, the above timeline should not be considered applicable for such cases.

SAMPLE REQUIRED FOR BIS CRS**Sample Required**

One (01) product sample with complete accessories, packaging, technical specifications, and user manual shall be required for testing at a BIS-recognized laboratory. Additional samples, if required, shall be provided by the applicant.

DOCUMENTS REQUIRED FOR BIS CRS**Documents Required for BIS CRS Registration**

1. Manufacturer's company profile, contact details, and authorized person's information.
2. Technical Data Sheet (TDS) of the product.
3. Manufacturer's Business Registration Certificate, Certificate of Incorporation, Trade Licence, MSME/Udyam Certificate, or equivalent document for verification of company name, address, and business activities.
4. Product Technical Specification Sheet and/or User Manual.
5. Additional technical certification reports, if available (e.g., UL, CE, RoHS, CB Report, etc.). Submission of such reports is optional but may facilitate the testing and evaluation process.
6. Product Marking Label/Nameplate artwork showing model number, brand name, ratings, and other applicable marking details.
7. Trademark Registration Certificate or Trademark Application Number (if the product is marketed under a registered brand/trademark).
8. Importer's Company Registration Documents (Certificate of Incorporation, MSME/Udyam Certificate, GST Registration, etc.), where applicable.
9. Identity Proof and Address Proof of the Brand Owner, Authorized Indian Representative (AIR), or Indian Importer.
10. MSME/Udyam Registration Certificate (for Indian Manufacturers, if applicable).
11. Authorization Letter/Agreement in favor of the Authorized Indian Representative (AIR), wherever required.

Note:

In cases where the foreign manufacturer does not have a representative or office in India, InstaCertify can assist in providing Authorized Indian Representative (AIR) services, subject to applicable terms and conditions.
